Temporary Evacuation Sites Map

〈Nagoya Station Area〉

Available up to 6 hours following an earthquake

① Please evacuate to a safe location until the building you are in is confirmed to be safe.

② If your workplace or school is nearby, go and wait there.

③ If you are able to walk home or to your hotel, after the situation has calmed down, return home or to your hotel while checking your surroundings.

If you are walking home or to your hotel:

Bathrooms are available at locations marked with "Walk-home assistance stations" such as convenience store's.
You may receive tap-water if you have your own container.

Nagoya City Disaster Prevention App (English・Chinese)

You can find locations marked with Walk-home assistance stations, temporary evacuation sites, and evacuation shelters.

Nagoya International Center (NIC) official website

When Evacuation Information is issued by the City of Nagoya, Nagoya International Center will publish the same information in Easy Japanese, English, Portuguese, Spanish, Chinese, Korean, Filipino, Vietnamese, and Nepali on the NIC website, and on Facebook.
