

About the Nagoya Kids parenting handbook

This handbook contains useful information on parenting support services and programs suited to each growth stage of children. Please keep this handbook at hand and refer to it whenever necessary. You are encouraged to read this handbook before childbirth to be better prepared for parenting.

For details about parenting services, please visit:

Official website of the Nagoya Municipal Government
<https://www.city.nagoya.jp/>

The following websites also offer useful parenting information.

I need information about child rearing and courses.

Official website of the 758 (Nagoya) Kids Station

Renewal in March 2025!

Parenting support app of Nagoya

A parenting support app for every stage — from pregnancy to parenting.

I want to keep a record of my baby's growth and precious memories.

I wish I could easily find info about parenting support and local events.

What's happening to my body during pregnancy?

How should I get my child vaccinated?

Got questions like these? NAGOMii is here to help.

- Childcare support information
- Useful advice
- Local news & announcements
- Event information
- Search for childcare support facilities
- Display of "Piyoka"
- Vaccination schedule management
- Your child's growth record, Dekitayo Kinenbi
- Multilingual support

Download here

The app is free to download, but data charges may apply.

Official X account of the Child & Youth Affairs Bureau

We share useful information for families, from local events for kids to introductions to Nagoya City's child-rearing support programs and initiatives! Please follow the account ♪

Nagoya City's handbook for grandparents "孫育て応援ブックなごまご" (Grandparenting support handbook Nagomago)

Some parenting styles that were taken for granted by grandparents are no longer suitable for the current generation of parents. This handbook is designed to help grandparents close the gap. Please download the handbook from the official website of the Nagoya Municipal Government.
