The definition of large-sized garbage will be changed from October 2026.

To the end of September 2026

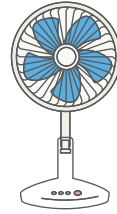

Large items
exceeding 30cm
on any dimension.

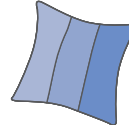

Examples

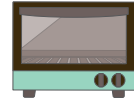

Chest of drawers

Electric fan

Cushion

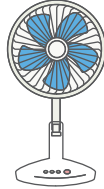

Toaster oven

Laundry basket

From Thursday, October 1st, 2026

Items that cannot be
put into a designated
45 liter garbage bag
will be classified as
large-sized garbage.

If the garbage bag cannot be tied
properly, the items inside the bag
will be classified as large-sized garbage.
The following examples are considered
large-sized garbage.

The top
of the bag
is sealed with
packing tape.

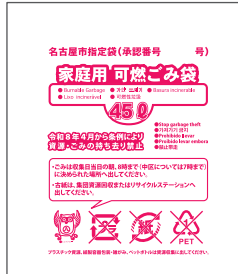

The item is
covered by
two overlapping
garbage bags.

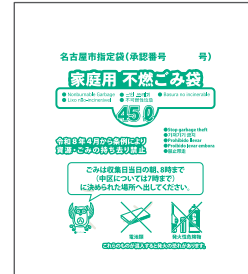

The bag is torn.

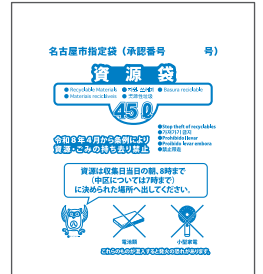

Items that cannot be put into these 45 liter garbage bags
will be considered large-sized garbage.

Burnable garbage (Red)

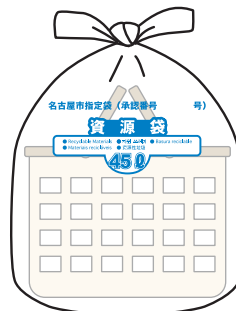

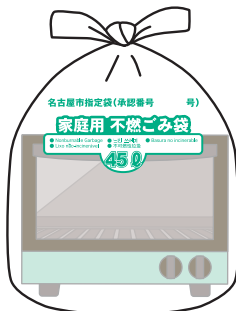

Non-burnable garbage (Green)

Plastic recyclables (Blue)

Garbage that is put into a designated 45 liter garbage bag can be collected as
“Burnable garbage,” “Non-burnable garbage,” or “Plastic Recyclables.”

Please put
small household
electric appliances
(15cm(H)x40cm(W)x
25cm(D) and under
are accepted) into
“small household
electric appliance
collection bin.”

* For items that cannot be processed at the treatment facility such as dumbbells and concrete blocks, please check the Nagoya City Official Website.

Exception

These items are **not** considered large-sized garbage,
even if they cannot be fully fitted into a garbage bag.

Umbrella

Frying pan

Broom

Etc.

* The change of the definition of large-sized garbage is applicable to household garbage.

Large-sized garbage disposal fees will be revised.

- In response to rising garbage-handling costs and the results of an assessment of large-sized garbage weights, disposal fees for large-sized garbage will be revised.
- The revised fees will be applied to collections from October 1st (Thursday), 2026.

Fees for followings to be increased.
