

Ordinance for Promotion of Safer Usage of Escalators

Overview of the ordinance

- Stand still while riding on escalators, whether standing on the left or right side.
- Use escalators safely to prevent accidents.

Walking or running up or down an escalator is very dangerous and can cause accidents by falling over or bumping into other users.

For your safety, please follow the rules below.

- Stand still while riding on an escalator.
- Do not stop after getting off an escalator and keep walking.
- Do not get on an escalator with belongings too big for the escalator.
- When you take an elevator with a suitcase, keep hold of it.
- Hold a handrail.
- Stand inside the yellow line.
- When riding with a child, hold their hand.
